Testimony

I ask you to please support Bill 22. CD 2 Proposed. We all know what a problem the overpopulation of feral cats is in our communities. Rather than be reactive and in desperation, resort to ineffective and inhumane methods in an attempt to address this problem (as was unsuccessfully suggested earlier), this bill would make it possible for low income pet owners, who would otherwise not be able to afford to sterilize their pets, to be able to do so. It would also encourage those who just feed them, to get them sterilized. Sterilization is the only effective and humane way to curb feral cat overpopulation, which is a major problem for both humans and cats.

Thank you so much for your consideration to support this much needed bill.

Aloha,
Ginny Tiu
